

United Way Young Leaders

United Way Young Leaders is a passionate group of up and coming young professionals, 40 years and younger, who invest their time, talent and resources into making Miami-Dade a better place to live.

Representing Miami's next generation of business and community leaders, Young Leaders enjoy personal and professional networking opportunities and participate in a wide range of volunteer projects and social events.

By joining United Way Young Leaders with an annual donation of \$1,000, members help build our community by educating children and youth so that they can reach their full potential, empowering hardworking families to become financially stable and setting our neighbors on a pathway to improved health — all while working together with a purpose of building a stronger Miami.

Membership benefits

In addition to access to a network of community business leaders and volunteers, United Way Young Leaders enjoy a full range of exclusive benefits. Among them are:

- Increased knowledge of Miami-Dade's most pressing issues and involvement in the community through skills-based volunteer and advocacy projects that have measurable impact on our community
- Personal and professional development seminars including activities like our "Luncheon with Leaders" series which connects members with prominent local executives
- Interaction and networking opportunities with other young professionals at social events, luncheons, happy hours and more
- Chance to be positioned as an up-and-coming community leader
